NexaData Solutions

Ask. Analyze. Discover. — Autonomous AI Data Analytics & Enterprise Intelligence

1. About NexaData Solutions

NexaData Solutions is an advanced autonomous data intelligence and AI analytics platform. We bridge complex relational databases, unstructured documents, and business intelligence dashboards through natural language conversational AI. Our mission is to democratize instant, accurate data discovery for non-technical users and enterprise decision-makers.

Core Platform Pillars:

- **Ask:** Natural language conversational interface allowing users to query data in plain English.
- **Analyze:** Ultra-fast in-memory DuckDB query execution processing 50,000+ records in ~30 milliseconds.
- **Discover:** Autonomous exploratory data analysis, dynamic Plotly visualizations, and executive PDF reporting.

2. Enterprise Solutions & Pricing Plans

NexaData offers scalable tiers for teams of all sizes:

Tier	Features Included	Pricing
Starter Intelligence Plan	Up to 5 CSV/Excel datasets, standard AI querying, interactive chart exports, and community support.	$49 / month
Professional Analytics Plan	Unlimited datasets, live SQL database connectors, executive PDF generator, and sub-millisecond document RAG.	$149 / month
Enterprise Dedicated Instance	Custom private cloud deployment (AWS/Azure/GCP), SSO/SAML authentication, SLA guarantee, and custom connector engineering.	Custom Quote

3. How It Works (The 3-Step Journey)

Step 1: Connect Your Data: Upload CSV, Excel, or Parquet files, or connect your company SQL database.
Step 2: Ask Anything: Type any business question in plain English. NexaData translates it to sandboxed SQL with self-healing accuracy.
Step 3: Executive Reporting: Instantly receive interactive charts, tabular results, and one-click C-suite PDF/Excel downloads.

4. Security, Privacy & Guarantee

- **Zero Data Leakage:** Customer dataset rows are never used for AI model training. Queries execute in sandboxed environments.
- **Satisfaction Guarantee:** All subscription plans carry a 14-day 100% money-back satisfaction guarantee.
- **Support Contact:** Support is reachable 24/7 at support@nexadata.ai or via the NexaData AI Assistant.
